## Article Index

### Analytic Reviews

"Acute Therapy of Maternal and Fetal Arrhythmias During Pregnancy," Trappe, 305
"Antidote Use in the Critically Ill Poisoned Patient," Betten et al., 255
"Catastrophic Antiphospholipid Syndrome," Vora et al., 144
"Critical Care of the Obstetric Patient," Shapiro, 278
"Critical Care Perspective on Immunotherapy in Lung Transplantation," Taylor and Palmer, 327
"Damage Control Surgery—The Intensivist's Role," Sagraves et al., 5
"Diagnosis of Ventilator-Associated Pneumonia: Focus on Nonbronchoscopic Techniques (Nonbronchoscopic Bronchoalveolar Lavage, Including Mini-BAL, Blinded Protected Specimen Brush, and Blinded Bronchial Sampling) and Endotracheal Aspirates," Fujitani and Yu, 17
"Nonoperative Management of Spleen and Liver Injuries," Stein and Scalea, 296
"Obesity and Sepsis," Vachharajani and Vital, 287
"Overview of Respiratory Failure in Older Adults," El Solh and Ramadan, 345
"Pharmacotherapy of Acute Lung Injury and the Acute Respiratory Distress Syndrome," Cepkova and Matthay, 119
"Quality and Safety in the Intensive Care Unit," Stockwell and Slonim, 199
"Ventilator-Associated Pneumonia: A Review," Davis, 211
"What Is New in Cytokine Research Related to Trauma/Critical Care," Jawa et al., 63

### Book Reviews

"Cardiac Electrophysiology: From Cell to Bedside, Fourth Edition," Spodick, 102
"Clinical Nuclear Cardiology: State of the Art and Future Directions, Third Edition," Bader, 246
"Clinical Transesophageal Echocardiography: A Problem-Oriented Approach, Second Edition," Pape, 102
"Feigenbaum's Echocardiography," Tighe, 60
"Life and Death in Intensive Care," Browning, 377
"Principles of Critical Care, Third Edition," Thompson, 320
"Recent Advances in Anaesthesia and Intensive Care, Volume 23," Walz, 246

### Case Reports

"Acute Pulmonary Edema Due to Rosiglitazone Use in a Patient With Diabetes Mellitus," Cekmen et al., 47
"Osmotic Demyelination and Hypertonic Dehydration in a 9-Year-Old Girl: Changes in Cerebrospinal Fluid Myelin Basic Protein," Shah and Tobias, 372
"Posttraumatic Stress Disorder in the Child of an Adult Burn Victim: A Case Report and Review of the Literature," Ceranoglu and Stern, 316
"Thrombolytic Therapy for Massive Pulmonary Embolism in a Patient With a Known Intracranial Tumor," Han et al., 240
"Two Cases of Tetanus?," Horn et al., 364
"Use of Molecular Adsorbent Recirculating System in Acute Liver Failure Attributable to Dengue Hemorrhagic Fever," Penafiel et al., 369

### Editorials

"Adding Up the Zeros," Steingrub, 188
"Central Venous Catheterization: Better and Worse," McGee, 51
"Comparing Thermodilution and Fick Cardiac Outputs: Should I Buy an Edsel or a Yugo?" Seneff, 99
"Off-label Reports of New Biologics: Exciting New Therapy or Dubious Research? Examples From Recombinant Activated Factor VII," Dzik, 54
"Off-Label Reports of New Biologics: Exciting New Therapy or Dubious Research? Examples From Recombinant Activated Factor VII," Shalmi and Aurup, 247
"Utilization of Critical Care Resources Is Increasing—Are We Ready?" Schumaker and Hill, 191

### Electronic Resources

"Is UpToDate Up to Snuff?" Stockwell, 101
"Should You Consult MD Consult?" Stockwell, 194

### Original Research

"Argatroban for Suspected Heparin-Induced Thrombocytopenia: Contemporary Experience at a Large Teaching Hospital," Kodityal et al., 86
"Efficacy of Deep Venous Thrombosis Prophylaxis in the Medical Intensive Care Unit," Khouli et al., 352
"Hypophosphatemia in Children Hospitalized Within an Intensive Care Unit," de Menezes et al., 235
"Injury Admissions to Pediatric Intensive Care Are Predictable and Preventable: A Call to Action," Joffe and Lalani, 227
"Levosimendan for Low Cardiac Output: A Pediatric Experience," Egan et al., 183

"The Changing Epidemiology of Mechanical Ventilation: A Population-Based Study," Carson et al., 173
"Use of Methylene Blue in Sepsis: A Systematic Review," Kwok and Howes, 359

"Use of Recombinant Activated Factor VII (Novoseven) in Trauma and Surgery: Analysis of Outcomes Reported to an International Registry," Grounds et al., 27

## Review of a Large Clinical Series

"Immunologic Responses to Critical Injury and Sepsis," Smith et al., 160

## Techniques and Procedures

"Lack of Agreement Between Thermodilution and Fick Methods in the Measurement of Cardiac Output," Baylor, 93
"Mechanical Complications of Central Venous Catheters," Eisen et al., 40

# Subject Index

**Abdominal compartment syndrome**
damage control surgery—the intensivist's role (Sagraves et al.), 2006;21:5 (Analytic Review)
**Accident prevention**
injury admissions to pediatric intensive care are predictable and preventable: a call to action (Joffe and Lalani), 2006;21:227 (Original Research)
**Acidosis**
damage control surgery—the intensivist's role (Sagraves et al.), 2006;21:5 (Analytic Review)
**Acute liver failure**
use of molecular adsorbent recirculating system in acute liver failure attributable to dengue hemorrhagic fever (Penafiel et al.), 2006;21:369 (Case Report)
**Acute lung injury**
pharmacotherapy of acute lung injury and the acute respiratory distress syndrome (Cepkova and Matthay), 2006;21:119 (Analytic Review)
**Acute pulmonary edema**
acute pulmonary edema due to rosiglitazone use in a patient with diabetes mellitus (Çekmen et al.), 2006;21:47 (Case Report)
**Acute respiratory distress syndrome**
pharmacotherapy of acute lung injury and the acute respiratory distress syndrome (Cepkova and Matthay), 2006;21:119 (Analytic Review)
**Adaptive immunity**
immunologic responses to critical injury and sepsis (Smith et al.), 2006;21:160 (Review of a Large Clinical Series)
**Agreement**
lack of agreement between thermodilution and fick methods in the measurement of cardiac output (Baylor), 2006;21:93 (Techniques and Procedures)
**Alteplase**
thrombolytic therapy for massive pulmonary embolism in a patient with a known intracranial tumor (Han et al.), 2006;21:240 (Case Report)
**Amniotic fluid embolism**
critical care of the obstetric patient (Shapiro), 2006; 21:278 (Analytic Review)
**Antiarrhythmic drugs**
acute therapy of maternal and fetal arrhythmias during pregnancy (Trappe), 2006;21:305 (Analytic Review)
**Anticardiolipin antibody**
catastrophic antiphospholipid syndrome (Vora et al.), 2006;21:144 (Analytic Review)
**Anticoagulants**
argatroban for suspected heparin-induced thrombocytopenia: contemporary experience at a large teaching hospital (Kodityal et al.), 2006;21:86 (Original Research)
**Antidote**
antidote use in the critically ill poisoned patient (Betten et al.), 2006;21:255 (Analytic Review)
**Antiphospholipid syndrome**
catastrophic antiphospholipid syndrome (Vora et al.), 2006;21:144 (Analytic Review)
**Argatroban**
argatroban for suspected heparin-induced thrombocytopenia: contemporary experience at a large teaching hospital (Kodityal et al.), 2006;21:86 (Original Research)
**Automatic implantable cardioverter defibrillator**
acute therapy of maternal and fetal arrhythmias during pregnancy (Trappe), 2006;21:305 (Analytic Review)
**Bleeding**
use of recombinant activated factor VII (NovoSeven) in trauma and surgery: analysis of outcomes reported to an international registry (Grounds et al.), 2006;21:27 (Original Research)
**Blinded bronchial sampling**
diagnosis of ventilator-associated pneumonia: focus on nonbronchoscopic techniques (nonbronchoscopic bronchoalveolar lavage, including mini-bal, blinded protected specimen brush, and blinded bronchial sampling) and endotracheal aspirates (Fujitani and Yu), 2006;21:17 (Analytic Review)
**Blinded protected specimen brush**
diagnosis of ventilator-associated pneumonia: focus on nonbronchoscopic techniques (nonbronchoscopic bronchoalveolar lavage, including mini-bal, blinded protected specimen brush, and blinded bronchial sampling) and endotracheal aspirates (Fujitani and Yu), 2006;21:17 (Analytic Review)
**B-type natriuretic peptide**
perioperative effects and safety of nesiritide following cardiac surgery in children (Simsic et al.), 2006;21:22 (Original Research)
**Cardiac arrhythmias**
acute therapy of maternal and fetal arrhythmias during pregnancy (Trappe), 2006;21:305 (Analytic Review)
**Cardiac output**
lack of agreement between thermodilution and fick methods in the measurement of cardiac output (Baylor), 2006;21:93 (Techniques and Procedures)
**Cardiac surgery**
perioperative effects and safety of nesiritide following cardiac surgery in children (Simsic et al.), 2006;21:22 (Original Research)
**Cardiopulmonary resuscitation**
critical care of the obstetric patient (Shapiro), 2006;21:278 (Analytic Review)
**Catastrophic antiphospholipid syndrome**
catastrophic antiphospholipid syndrome (Vora et al.), 2006;21:144 (Analytic Review)
**Cecal ligation and puncture**
obesity and sepsis (Vachharajani and Vital), 2006;21: 287 (Analytic Review)

**Central pontine myelinolysis**
osmotic demyelination and hypertonic dehydration in a 9-year-old girl: changes in cerebrospinal fluid myelin basic protein (Shah and Tobias), 2006;21:372 (Case Report)
**Central venous catheters (CVC)**
mechanical complications of central venous catheters (Eisen et al.), 2006;21:40 (Techniques and Procedures)
**Coagulopathy**
damage control surgery—the intensivist's role (Sagraves et al.), 2006;21:5 (Analytic Review)
**Comorbidity**
the changing epidemiology of mechanical ventilation: a population-based study (Carson et al.), 2006;21:173 (Original Research)
**Complications**
critical care perspective on immunotherapy in lung transplantation (Taylor and Palmer), 2006;21:327 (Analytic Review)
mechanical complications of central venous catheters (Eisen et al.), 2006;21:40 (Techniques and Procedures)
**Congenital heart disease**
levosimendan for low cardiac output: a pediatric experience (Egan et al.), 2006;21:183 (Original Research)
perioperative effects and safety of nesiritide following cardiac surgery in children (Simsic et al.), 2006;21:22 (Original Research)
**Critical care**
catastrophic antiphospholipid syndrome (Vora et al.), 2006;21:144 (Analytic Review)
critical care perspective on immunotherapy in lung transplantation (Taylor and Palmer), 2006;21:327 (Analytic Review)
hypophosphatemia in children hospitalized within an intensive care unit (de Menezes et al.), 2006;21:235 (Original Research)
mechanical complications of central venous catheters (Eisen et al.), 2006;21:40 (Techniques and Procedures)
**Cytokine**
what is new in cytokine research related to trauma/critical care (Jawa et al.), 2006;21:63 (Analytic Review)
**Damage control**
damage control surgery—the intensivist's role (Sagraves et al.), 2006;21:5 (Analytic Review)
**Deep venous thrombosis**
efficacy of deep venous thrombosis prophylaxis in the medical intensive care unit (Khouli et al.), 2006;21:352 (Original Research)
**Dengue**
use of molecular adsorbent recirculating system in acute liver failure attributable to dengue hemorrhagic fever (Penafiel et al.), 2006;21:369 (Case Report)
**Direct thrombin inhibitors**
argatroban for suspected heparin-induced thrombocytopenia: contemporary experience at a large teaching hospital (Kodityal et al.), 2006;21:86 (Original Research)
**DVT prophylaxis**
efficacy of deep venous thrombosis prophylaxis in the medical intensive care unit (Khouli et al.), 2006;21:352 (Original Research)
**Education**
mechanical complications of central venous catheters (Eisen et al.), 2006;21:40 (Techniques and Procedures)
**Encephalomyelitis with rigidity and myoclonus**
two cases of tetanus? (Horn et al.), 2006;21:364 (Case Report)
**Endotracheal aspirates**
diagnosis of ventilator-associated pneumonia: focus on nonbronchoscopic techniques (nonbronchoscopic bronchoalveolar lavage, including mini-bal, blinded protected specimen brush, and blinded bronchial sampling) and endotracheal aspirates (Fujitani and Yu), 2006;21:17 (Analytic Review)
**Geriatrics**
overview of respiratory failure in older adults (El Solh and Ramadan), 2006;21:345 (Analytic Review)
**Glioblastoma multiforme**
thrombolytic therapy for massive pulmonary embolism in a patient with a known intracranial tumor (Han et al.), 2006;21:240 (Case Report)
**Health resources**
the changing epidemiology of mechanical ventilation: a population-based study (Carson et al.), 2006;21:173 (Original Research)
**Heart failure**
levosimendan for low cardiac output: a pediatric experience (Egan et al.), 2006;21:183 (Original Research)
**HELLP syndrome**
critical care of the obstetric patient (Shapiro), 2006;21:278 (Analytic Review)
**Hemostasis**
use of recombinant activated factor VII (NovoSeven) in trauma and surgery: analysis of outcomes reported to an international registry (Grounds et al.), 2006;21:27 (Original Research)
**Heparin-induced thrombocytopenia**
argatroban for suspected heparin-induced thrombocytopenia: contemporary experience at a large teaching hospital (Kodityal et al.), 2006;21:86 (Original Research)
**Host response**
immunologic responses to critical injury and sepsis (Smith et al.), 2006;21:160 (Review of a Large Clinical Series)
**Hyponatremia**
osmotic demyelination and hypertonic dehydration in a 9-year-old girl: changes in cerebrospinal fluid myelin basic protein (Shah and Tobias), 2006;21:372 (Case Report)
**Hypotension**
use of methylene blue in sepsis: a systematic review (Kwok and Howes), 2006;21:359 (Original Research)
**Hypothermia**
damage control surgery—the intensivist's role (Sagraves et al.), 2006;21:5 (Analytic Review)
**Immunosuppressive agents**
critical care perspective on immunotherapy in lung transplantation (Taylor and Palmer), 2006;21:327 (Analytic Review)
**Infection**
ventilator-associated pneumonia: a review (Davis), 2006;21:211 (Analytic Review)
**Inflammation**
immunologic responses to critical injury and sepsis (Smith et al.), 2006;21:160 (Review of a Large Clinical Series)
obesity and sepsis (Vachharajani and Vital), 2006;21:287 (Analytic Review)
**Injuries**
injury admissions to pediatric intensive care are predictable and preventable: a call to action (Joffe and Lalani), 2006;21:227 (Original Research)
nonoperative management of spleen and liver injuries (Stein and Scalea), 2006;21:296 (Analytic Review)
**Innate immunity**
immunologic responses to critical injury and sepsis (Smith et al.), 2006;21:160 (Review of a Large Clinical Series)

**Intensive care unit (ICU)**
acute pulmonary edema due to rosiglitazone use in a patient with diabetes mellitus (Çekmen et al.), 2006;21:47 (Case Report)
catastrophic antiphospholipid syndrome (Vora et al.), 2006;21:144 (Analytic Review)
the changing epidemiology of mechanical ventilation: a population-based study (Carson et al.), 2006;21:173 (Original Research)
critical care of the obstetric patient (Shapiro), 2006;21:278 (Analytic Review)
critical care perspective on immunotherapy in lung transplantation (Taylor and Palmer), 2006;21:327 (Analytic Review)
efficacy of deep venous thrombosis prophylaxis in the medical intensive care unit (Khouli et al.), 2006;21:352 (Original Research)
injury admissions to pediatric intensive care are predictable and preventable: a call to action (Joffe and Lalani), 2006;21:227 (Original Research)
overview of respiratory failure in older adults (El Solh and Ramadan), 2006;21:345 (Analytic Review)
quality and safety in the intensive care unit (Stockwell and Slonim), 2006;21:199 (Analytic Review)

**Interleukin**
what is new in cytokine research related to trauma/critical care (Jawa et al.), 2006;21:63 (Analytic Review)

**Intracranial tumor**
thrombolytic therapy for massive pulmonary embolism in a patient with a known intracranial tumor (Han et al.), 2006;21:240 (Case Report)

**Leadership**
quality and safety in the intensive care unit (Stockwell and Slonim), 2006;21:199 (Analytic Review)

**Levosimendan**
levosimendan for low cardiac output: a pediatric experience (Egan et al.), 2006;21:183 (Original Research)

**Limbic encephalitis**
two cases of tetanus? (Horn et al.), 2006;21:364 (Case Report)

**Liver failure**
use of molecular adsorbent recirculating system in acute liver failure attributable to dengue hemorrhagic fever (Penafiel et al.), 2006;21:369 (Case Report)

**Liver injury**
nonoperative management of spleen and liver injuries (Stein and Scalea), 2006;21:296 (Analytic Review)

**Lung transplant**
critical care perspective on immunotherapy in lung transplantation (Taylor and Palmer), 2006;21:327 (Analytic Review)

**Lupus anticoagulant**
catastrophic antiphospholipid syndrome (Vora et al.), 2006;21:144 (Analytic Review)

**Malnutrition**
hypophosphatemia in children hospitalized within an intensive care unit (de Menezes et al.), 2006;21:235 (Original Research)

**Mechanical ventilation**
critical care of the obstetric patient (Shapiro), 2006;21:278 (Analytic Review)
overview of respiratory failure in older adults (El Solh and Ramadan), 2006;21:345 (Analytic Review)

**Medical errors**
quality and safety in the intensive care unit (Stockwell and Slonim), 2006;21:199 (Analytic Review)

**Methylene blue**
use of methylene blue in sepsis: a systematic review (Kwok and Howes), 2006;21:359 (Original Research)

**Mini-BAL**
diagnosis of ventilator-associated pneumonia: focus on nonbronchoscopic techniques (nonbronchoscopic bronchoalveolar lavage, including mini-bal, blinded protected specimen brush, and blinded bronchial sampling) and endotracheal aspirates (Fujitani and Yu), 2006;21:17 (Analytic Review)

**Molecular adsorbent recirculating system**
use of molecular adsorbent recirculating system in acute liver failure attributable to dengue hemorrhagic fever (Penafiel et al.), 2006;21:369 (Case Report)

**Multiple organ dysfunction syndrome**
catastrophic antiphospholipid syndrome (Vora et al.), 2006;21:144 (Analytic Review)

**Myelin basic protein**
osmotic demyelination and hypertonic dehydration in a 9-year-old girl: changes in cerebrospinal fluid myelin basic protein (Shah and Tobias), 2006;21:372 (Case Report)

**Nitric oxide**
use of methylene blue in sepsis: a systematic review (Kwok and Howes), 2006;21:359 (Original Research)

**Nonbronchoscopic bronchoalveolar lavage**
diagnosis of ventilator-associated pneumonia: focus on nonbronchoscopic techniques (nonbronchoscopic bronchoalveolar lavage, including mini-bal, blinded protected specimen brush, and blinded bronchial sampling) and endotracheal aspirates (Fujitani and Yu), 2006;21:17 (Analytic Review)

**Nonoperative management**
nonoperative management of spleen and liver injuries (Stein and Scalea), 2006;21:296 (Analytic Review)

**Nosocomial**
ventilator-associated pneumonia: a review (Davis), 2006;21:211 (Analytic Review)

**NovoSeven**
use of recombinant activated factor VII (NovoSeven) in trauma and surgery: analysis of outcomes reported to an international registry (Grounds et al.), 2006;21:27 (Original Research)

**Obesity**
obesity and sepsis (Vachharajani and Vital), 2006;21:287 (Analytic Review)

**Obstetrics**
critical care of the obstetric patient (Shapiro), 2006;21:278 (Analytic Review)

**Overdose**
antidote use in the critically ill poisoned patient (Betten et al.), 2006;21:255 (Analytic Review)

**Parental illness**
posttraumatic stress disorder in the child of an adult burn victim: a case report and review of the literature (Ceranoglu and Stern), 2006;21:316 (Case Report)

**Patient safety**
quality and safety in the intensive care unit (Stockwell and Slonim), 2006;21:199 (Analytic Review)

**Pediatrics**
hypophosphatemia in children hospitalized within an intensive care unit (de Menezes et al.), 2006;21:235 (Original Research)
injury admissions to pediatric intensive care are predictable and preventable: a call to action (Joffe and Lalani), 2006;21:227 (Original Research)
levosimendan for low cardiac output: a pediatric experience (Egan et al.), 2006;21:183 (Original Research)
perioperative effects and safety of nesiritide following cardiac surgery in children (Simsic et al.), 2006;21:22 (Original Research)
posttraumatic stress disorder in the child of an adult burn victim: a case report and review of the literature (Ceranoglu and Stern), 2006;21:316 (Case Report)

**Perimortem cesarean delivery**
critical care of the obstetric patient (Shapiro), 2006; 21:278 (Analytic Review)
**Pharmacologic therapies**
pharmacotherapy of acute lung injury and the acute respiratory distress syndrome (Cepkova and Matthay), 2006;21:119 (Analytic Review)
**Phosphorus**
hypophosphatemia in children hospitalized within an intensive care unit (de Menezes et al.), 2006; 21:235 (Original Research)
**Pneumonia**
ventilator-associated pneumonia: a review (Davis), 2006;21:211 (Analytic Review)
**Pneumothorax**
mechanical complications of central venous catheters (Eisen et al.), 2006;21:40 (Techniques and Procedures)
**Poisoning**
antidote use in the critically ill poisoned patient (Betten et al.), 2006;21:255 (Analytic Review)
**Posttraumatic stress disorders**
posttraumatic stress disorder in the child of an adult burn victim: a case report and review of the literature (Ceranoglu and Stern), 2006;21:316 (Case Report)
**Preeclampsia**
critical care of the obstetric patient (Shapiro), 2006; 21:278 (Analytic Review)
**Pregnancy**
acute therapy of maternal and fetal arrhythmias during pregnancy (Trappe), 2006;21:305 (Analytic Review)
critical care of the obstetric patient (Shapiro), 2006;21:278 (Analytic Review)
**Probabilistic risk assessment**
quality and safety in the intensive care unit (Stockwell and Slonim), 2006;21:199 (Analytic Review)
**Pulmonary edema**
pharmacotherapy of acute lung injury and the acute respiratory distress syndrome (Cepkova and Matthay), 2006;21:119 (Analytic Review)
**Pulmonary embolism**
critical care of the obstetric patient (Shapiro), 2006;21:278 (Analytic Review)
efficacy of deep venous thrombosis prophylaxis in the medical intensive care unit (Khouli et al.), 2006;21:352 (Original Research)
thrombolytic therapy for massive pulmonary embolism in a patient with a known intracranial tumor (Han et al.), 2006;21:240 (Case Report)
**Recombinant activated factor VII**
use of recombinant activated factor VII (NovoSeven) in trauma and surgery: analysis of outcomes reported to an international registry (Grounds et al.), 2006;21:27 (Original Research)
**Respiratory failure**
the changing epidemiology of mechanical ventilation: a population-based study (Carson et al.), 2006;21:173 (Original Research)
overview of respiratory failure in older adults (El Solh and Ramadan), 2006;21:345 (Analytic Review)
**Rosiglitazone**
acute pulmonary edema due to rosiglitazone use in a patient with diabetes mellitus (Çekmen et al.), 2006;21:47 (Case Report)
**Sepsis**
obesity and sepsis (Vachharajani and Vital), 2006;21:287 (Analytic Review)
what is new in cytokine research related to trauma/critical care (Jawa et al.), 2006;21:63 (Analytic Review)
**Septic shock**
use of methylene blue in sepsis: a systematic review (Kwok and Howes), 2006;21:359 (Original Research)
**Sequential compression device**
efficacy of deep venous thrombosis prophylaxis in the medical intensive care unit (Khouli et al.), 2006;21:352 (Original Research)
**Splenic injury**
nonoperative management of spleen and liver injuries (Stein and Scalea), 2006;21:296 (Analytic Review)
**Status asthmaticus**
critical care of the obstetric patient (Shapiro), 2006;21:278 (Analytic Review)
**Subcutaneous unfractionated heparin**
efficacy of deep venous thrombosis prophylaxis in the medical intensive care unit (Khouli et al.), 2006;21:352 (Original Research)
**Sudden death**
acute therapy of maternal and fetal arrhythmias during pregnancy (Trappe), 2006;21:305 (Analytic Review)
**Surgery**
use of recombinant activated factor VII (NovoSeven) in trauma and surgery: analysis of outcomes reported to an international registry (Grounds et al.), 2006;21:27 (Original Research)
**Tetanus**
two cases of tetanus? (Horn et al.), 2006;21:364 (Case Report)
**Thrombolysis**
thrombolytic therapy for massive pulmonary embolism in a patient with a known intracranial tumor (Han et al.), 2006;21:240 (Case Report)
**Thrombotic microangiopathy**
catastrophic antiphospholipid syndrome (Vora et al.), 2006;21:144 (Analytic Review)
**Trauma**
immunologic responses to critical injury and sepsis (Smith et al.), 2006;21:160 (Review of a Large Clinical Series)
nonoperative management of spleen and liver injuries (Stein and Scalea), 2006;21:296 (Analytic Review)
posttraumatic stress disorder in the child of an adult burn victim: a case report and review of the literature (Ceranoglu and Stern), 2006;21:316 (Case Report)
use of recombinant activated factor VII (NovoSeven) in trauma and surgery: analysis of outcomes reported to an international registry (Grounds et al.), 2006;21:27 (Original Research)
what is new in cytokine research related to trauma/critical care (Jawa et al.), 2006;21:63 (Analytic Review)
**Type 2 diabetes mellitus**
acute pulmonary edema due to rosiglitazone use in a patient with diabetes mellitus (Çekmen et al.), 2006;21:47 (Case Report)
**Ultrasound**
efficacy of deep venous thrombosis prophylaxis in the medical intensive care unit (Khouli et al.), 2006;21:352 (Original Research)
**Ventilator-associated pneumonia**
diagnosis of ventilator-associated pneumonia: focus on nonbronchoscopic techniques (nonbronchoscopic bronchoalveolar lavage, including mini-bal, blinded protected specimen brush, and blinded bronchial sampling) and endotracheal aspirates (Fujitani and Yu), 2006;21:17 (Analytic Review)
**Ventilator-associated pneumonia (VAP)**
ventilator-associated pneumonia: a review (Davis), 2006;21:211 (Analytic Review)
